“ We have used **phts** Greenleaf for a number of years now and keep coming back due to the fantastic service start to finish from point of order to actual delivery. It has always been 10 out of 10. ”

Why rent your Christmas tree?

With over 40 years' experience delivering Christmas tree rentals for commercial spaces across the UK, phs Greenleaf makes festive decorating simpler, smarter and more sustainable.

Designed around your business

From statement real trees up to 30ft to bespoke interior displays, every tree, accessory and finish is tailored to your space, branding and budget.

Professional finish, year after year

Professionally styled trees with energy efficient LED lights as standard, ensuring a flawless finish every season.

Sustainability built in

Optimised delivery routes reduce emissions, with trees returned, cleaned, refurbished, and reused. For every live tree used, a new one is planted - helping your organisation show a responsible, forward-thinking approach.

Rental that works for you

Rental removes the need for off season storage or disposal, freeing up valuable space.

End-to-end, hassle-free service

Nationwide delivery, expert installation and post-Christmas removal are all handled by experienced phs Greenleaf technicians, making festive set up effortless.

Award 2025**

2025 Gold Leaf Award Winner

Awarded a Gold Leaf Award by Plants@Work for an exceptional Christmas installation.

How does rental work?

Christmas is one of the busiest times of the year for most businesses, so renting your Christmas tree from phs Greenleaf gives you one less thing to worry about.

Renting a Christmas tree is an easy and convenient way to bring the festive spirit to your premises.

You won't have to worry about decorating the tree, or where to store it for the rest of the year. Christmas experts from **phs** Greenleaf will do all the work for you.

The process:

Step 1:

Choose from one of our show stopping tree designs, or work with an interior designer to create a bespoke tree design.

Step 3:

Your tree will be installed and set-up in your chosen location as part of the rental service.

Step 2:

Add matching accessories to brighten up the whole of your premises.

Step 4:

Once Christmas is over, **phs** Greenleaf technicians will come back to take down and collect your tree.

Rental packages include:

A fully decorated Christmas tree with LED lights

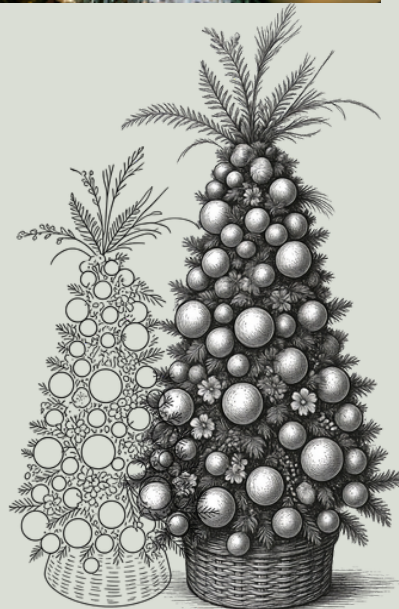

Delivery, installation and post-Christmas pick up

CHRISTMAS, DESIGNED BY YOU

Our bespoke Christmas tree service is seamless from start to finish. We begin with a consultation to understand your vision, then create a tailored design for your space. Once approved, our team installs and decorates the tree with care. After the season, we dismantle and store everything - so you can enjoy the magic, hassle-free.

FROM CONCEPT ... TO DESIGN... TO LIFE

Sustainability

phs Greenleaf's real trees are sourced from a sustainable Midlands-based farm, centrally located to ensure equal reach across the country. This helps reduce travel distances and lowers carbon emissions nationwide.

Traditionally, Christmas decorations are made from plastic. By renting from **phs** Greenleaf, our expert team refurbishes decorations each year, allowing you to enjoy a new theme every Christmas without sending decorations to landfill once the season is over.

Our artificial trees and decorations are refurbished at our recycling plant in Tamworth, expanding the lifespan from 3 to 7 years without compromising quality.

For every one live tree that is used, a new one is planted.

Cut to order – we only harvest trees when needed, unlike supermarkets or garden centres that cut in bulk from October.

Grown with nature – our trees grow in wild, flower-rich environments, helping biodiversity thrive.

Sustainably cleared – trees are chipped for horticulture, used for biofuel or even recycled into furniture.

Biomass materials are used to create renewable energy, turning organic waste into a more sustainable power source.

For those seeking an even more environmentally conscious option, bespoke, plastic-free trees are also available.

Signature Christmas trees

The team at phs Greenleaf work tirelessly throughout the year to develop trendsetting Christmas trees, combining meticulous research, innovative design, and customer feedback to ensure each design embodies the latest styles and festive charm for the upcoming holiday season.

Luxury Range Sizes

2.1m

“The team were so fast and **efficient** in putting up the decorations and cleaning up after themselves. The staff commented on how **beautiful** the trees looked, especially the inside tree.”

Signature Christmas Tree **New for 2026!**

Mulled Wine

When we think of Christmas, it's the rich traditions that come to mind - plum pudding and the perfect bow on a beautifully wrapped gift. Our design team created the **Mulled Wine** to embody that festive indulgence. Deep, luxurious burgundy tones evoke warmth and elegance, while a striking statement bow adds the perfect finishing flourish. With hundreds of twinkling lights for a magical glow and finished with a rustic wicker skirt, this tree brings timeless sophistication to any space.

Signature Christmas Tree **New for 2026!**

Sapphire Velvet

Cool, composed, and effortlessly festive, the **Sapphire Velvet** Christmas tree makes a bold statement without being overbearing. Its layered palette of rich blues and gentle silvers establishes a stunning, wintry foundation, enhanced by glossy blue berries and a captivating bow. The overall effect is both sophisticated and playful, modern yet distinctly festive. With hundreds of warm twinkling lights illuminating the tree, it adds depth, drama, and a serene touch of luxury to your holiday décor.

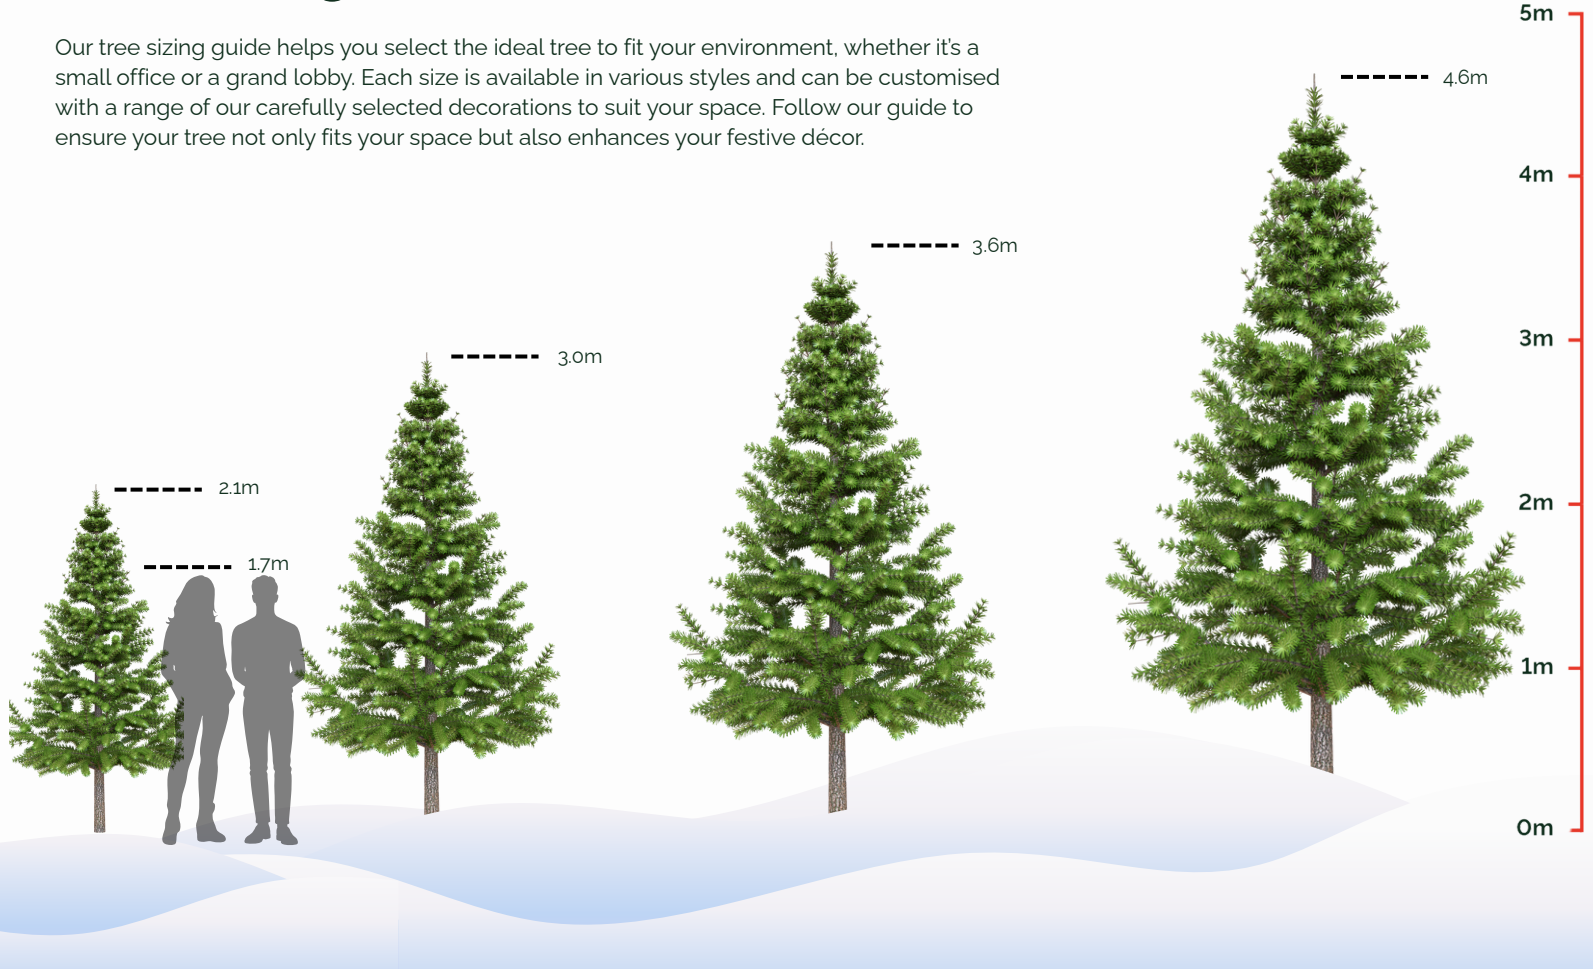

All trees come with energy efficient LED lights

Tree Sizing Guide

Our tree sizing guide helps you select the ideal tree to fit your environment, whether it's a small office or a grand lobby. Each size is available in various styles and can be customised with a range of our carefully selected decorations to suit your space. Follow our guide to ensure your tree not only fits your space but also enhances your festive décor.

The perfect finishing touches

Complete your chosen tree with our range of accessories:

Standard Parcels

Available on request for additional charge

Luxury Parcels

Available on request for additional charge

Tree Skirt

The Standard Skirt is available with all trees

Christmas Lighting

Brightening your premises with a shining Christmas light display is easier than ever with reliable light rental from phs Greenleaf.

Unique light displays can be created for interior and exterior environments. **phs** Greenleaf will design and install your dream Christmas light display. Whether you're looking for a subtle indoor display or an outdoor extravaganza. An expert installation team will provide risk assessments and method statement for all outdoor displays, ensuring there is nothing for you to worry about.

Make a big statement

Christmas trees reaching up to 9 metres are ideal for festive decoration, both indoors and outdoors. They create a stunning centrepiece, enhancing the holiday spirit.

Outdoors, they can be beautifully adorned with lights, turning any space into a winter wonderland. With thoughtful planning and installation, a live Christmas tree can be the highlight of holiday decorations, delighting both employees and visitors.

PROSTATE
CANCER UK

phs Group

HELPING MEN LIVE WELL

Make this Christmas extra special with the gift of giving

At **phs** Greenleaf, we believe in the power of giving, especially during the festive season. This year, we are delighted to introduce our Limited edition Prostate Cancer UK Bauble, each priced at just £10.

What sets them apart?

Every single penny from the sale of these baubles will be **channelled directly to Prostate Cancer UK**, the leading men's health charity in the UK, dedicated to combating the most prevalent cancer among men.

*Prostate Cancer UK is a registered charity in England and Wales (1005541) and in Scotland (SC039332).
Registered company 02653887.*
